

Reimbursement Policy

Alert: Florida Medicaid Dual Eligible Edits

Reimbursement Policy – Claims Editing

This notice provides information about Florida Medicaid coverage claim edits which occur when a member is dual eligible under the Medicare and Medicaid Programs.

Coverage and Limitations

The Centers for Medicare and Medicaid Services (CMS) publication **Medicare and Other Health Benefits: Your Guide to Who Pays First:**

*“Medicaid (also called Medical Assistance) is a joint federal and state program that helps pay medical costs for certain people and families who have limited income and resources and meet other requirements. **Medicaid never pays first for services covered by Medicare.** It only pays after Medicare, employer group health plans, and/or Medicare Supplement Insurance (Medigap) policies have paid.”*

The following HCPCS codes have a corresponding CPT code that is payable by Medicare or other insurance. These services should be billed to the primary insurance before being submitted for reimbursement through the Medicaid plan. Claim submissions should be accompanied by a primary payer Explanation of Benefits (EOB). Claim submissions not in compliance will be denied.
