## Provider Alert

### Illinois Commercial Fully Insured Business Coverage for Child and Young Adult Serious Mental Illness Bundled Services

*Effective January 1, 2021*

#### What is new?

As of January 1, 2021, Illinois regulation under [HB2154](#), Section 30, Sec. 356z.33 (pages 8-12), the Children and Young Adult Mental Health Crisis Act, requires coverage of three bundled services for purposes of early treatment of a serious mental illness in a child or young adult under age 26. The three services are:

- Coordinated Specialty Care for First Episode Psychosis Treatment (CSC);
- Assertive Community Treatment (ACT); and
- Community Support Team (CST).

#### Who does this apply to?

- Members, under the age of 26, with Fully Insured Commercial benefits whose account is situated in Illinois or an Illinois resident of a Fully Insured Commercial HMO plan Sitused outside of Illinois, and who are receiving services by an Illinois provider.
- The IL provider must be either contracted as a FIRST.IL provider for CSC services or certified to provide ACT or CST by the IL Department of Human Services' Division of Mental Health.

#### What do I need to know?

- Providers must contact the member's Behavioral Health insurance company to request authorization for these services.
- The bundled services are billed on a monthly basis.
- Date of service for each monthly claim is the first of the month, including first and last month of service.

#### Where can I go for additional information?

##### Need additional assistance?

- For Benefit or Clinical questions, please call the phone number on the back of the member's insurance card.
- For Contract or Credentialing questions, please contact Provider Services at 1-877-614-0484 or [Provider.Services@optum.com](mailto:Provider.Services@optum.com)
