## Opioid Treatment Program (OTP)

Beginning January 1, 2023, MassHealth will be moving to the Medicare G-Code Structure for payment of OTP Services. [cms.gov - Opioid Treatment Programs \(OTPs\) Medicare Billing & Payment](https://www.cms.gov/medicare/coverage/policies/2022/specialty-policies-and-procedures/medicare-billing-payment-for-otp)

Code	Description
G2067	Medication assisted treatment, methadone; weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing, if performed (provision of the services by a Medicare-enrolled Opioid Treatment Program)
G2068	Medication assisted treatment, buprenorphine (oral); weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing if performed (provision of the services by a Medicare-enrolled Opioid Treatment Program)
G2073	Medication assisted treatment, naltrexone; weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing if performed (provision of the services by a Medicare-enrolled Opioid Treatment Program)
G2074	Medication assisted treatment, weekly bundle not including the drug, including substance use counseling, individual and group therapy, and toxicology testing if performed (provision of the services by a Medicare-enrolled Opioid Treatment Program)
G2076	Intake activities, including initial medical examination that is a complete, fully documented physical evaluation and initial assessment by a program physician or a primary care physician, or an authorized healthcare professional under the supervision of a program physician or qualified personnel that includes preparation of a treatment plan that includes the patient's short-term goals and the tasks the patient must perform to complete the short-term goals; the patient's requirements for education, vocational rehabilitation, and employment; and the medical, psycho- social, economic, legal, or other supportive services that a patient needs, conducted by qualified personnel (provision of the services by a Medicare-enrolled Opioid Treatment Program); list separately in addition to code for primary procedure
G2078	Take-home supply of methadone; up to 7 additional day supply (provision of the services by a Medicare-enrolled Opioid Treatment Program); list separately in addition to code for primary procedure.
G2079	Take-home supply of buprenorphine (oral); up to 7 additional day supply (provision of the services by a Medicare-enrolled Opioid Treatment Program); list separately in addition to code for primary procedure.]

**Important:** Only OTP Providers can bill Medicare using the specific codes for OTP services. No other provider or supplier type can bill for OTP services.

### OTP Providers must:

- Get full certification from the Substance Abuse and Mental Health Services Administration [SAMHSA](https://www.samhsa.gov)
- Get accreditation from an accrediting body that SAMHSA approves
- Meet additional conditions necessary for the health and safety of patients
