Mass General Brigham Health Plan Pharmacy Benefit Manager Changing to Optum Rx on January 1, 2024

Beginning January 1, 2024, Mass General Brigham Health Plan (MGBHP) will work with Optum Rx as our new pharmacy benefit manager (PBM). As health care changes at a rapid pace, MGBHP continues to innovate and build on our total cost of care model. To create lasting value for our clients and members we serve now, and in the future, we are changing our pharmacy vendor to Optum Rx.

Making pharmacy care more affordable, accessible, supportive, and personal for our members is a shared goal with Optum Rx.

For frequently asked questions (FAQs) about Optum Rx, please visit the MGBHP dedicated [provider resource page](#).
