

Missouri Medicaid Billing

Codes and modifiers to be used by different provider types

To prevent claim denials and ensure the claims you submit can be processed quickly, please ensure you use the correct CPT code. Depending on the service(s) you provide and your license type, you may also need to include specific modifiers on the claim. If modifiers are required but not included, the claim may be denied.

Modifier Information

Modifier	Description
AH	Indicates service was provided by a qualified clinical psychologist
AJ	Indicates service was provided by a licensed clinical social worker (LSCW)
EP	Indicates a service was provided under the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) program for members under the age of 21
GE	Indicates service was performed by a resident physician without presence of a teaching physician under the primary care exception
GT	Indicates service was provided via telehealth (interactive audio and video system)
HA	Indicates service was provided via a child/adolescent program (ages 6-17)
HB	Indicates service was provided via an adult/non-geriatric program (ages 18-64)
HE	Used to provide additional information for behavioral health services, as required by specific state Medicaid programs
HI	Indicates service was provided as part of an Integrated Mental Health and Intellectual/Developmental Disabilities Program
HK	Signifies service was a specialized mental health program for high-risk populations
HL	Indicates service was performed by an intern or other pre-licensed, supervised mental health professional
HM	Indicates service was performed by a provider with less than a bachelor's degree
HN	Indicates service was performed by a provider with a bachelor's degree
HO	Indicates service was performed by a professional with a master's degree
SA	Indicates a non-surgical service was performed by an Advanced Practice Provider (APP), such as a Nurse Practitioner (NP) or Physician Assistant (PA) in collaboration with a physician
TG	Signifies intensive case management services for children/adolescents
U1	In Missouri, signifies a Medicaid level of care 1; it is designated for certain behavioral health services to indicate a bed hold in a facility
U7	In Missouri, signifies a Medicaid level of care 7; it is designated for specific provider types and to indicate a state-defined intensity or setting
U8	In Missouri, signifies a Medicaid level of care 8 provided by a social worker assistant; primarily used for ABA therapy to indicate place of service.
U9	In Missouri, indicates service was provided by a certified clinical nurse specialist
UB	In Missouri, indicates service was provided by a licensed therapy assistant under supervision of a licensed therapist
UD	In Missouri, indicates service was provided to a MO Healthnet (Medicaid) member by a Licensed Professional Counselor (LPC) or Provisional LPC
