

Nebraska Providers: Update your professional license in your provider profile

What to have ready

- A copy of your current licenses
- Your NPI (which should match your license)
- Your taxonomy code

Why it matters to keep your profile updated

An accurate license in your provider profile:

- Maintains compliance
- Helps members find you when seeking care
- Ensures uninterrupted care for existing members
- Streamlines administrative operations

How to update your license in the secure portal

[Log in](#) to the Provider Express secure portal using your One Healthcare ID. Don't have a One Healthcare ID? [Register](#) for one now.

You can update your license in My Practice Info > Clinician Information > License

Need assistance?

For help with updating your license in the secure portal, or any other provider-related inquiries, please [start a live chat](#), [email Nebraska Provider Services](#) or call **1-877-614-0484**.
