

LOCUS[®]

BASIC

TRAINING

This three-hour training is designed to provide a guide to the use and understanding of the LOCUS instrument.

Topics to be discussed include:

- The foundations & principles of the instrument.
- The dimensional rating system and evaluation parameters.
- The Levels of Care and how these different service levels vary regarding intensity of services provided.
- The Placement recommendation methodology.

In completing this training individuals will:

- Have a basic understanding of the LOCUS instrument.
- Be able to use it to reliably rate your consumers' needs and arrive at a level of care recommendation where those needs might best be met.

- **Trainings are held via GotoMeeting.**
- **Multiple Days & Timeslots Available.**
- **Cost per attendee is \$99**
- **30 Participants per training**

INSTRUCTOR: Jack Stevenson
