

You're invited to attend our educational webinar, **Department of Veterans Affairs Community Care Network Overview**.

Thank you for participating in the Department of Veterans Affairs Community Care Network (VA CCN). As a behavioral health clinician, you're well aware that our veterans suffer from high rates of mental health conditions, including depression, PTSD and substance use. Ensuring veterans have timely access to care is imperative to help improve their quality of life after service

By joining our VA CCN network, you'll help provide effective and personalized mental health care in local communities when the Veterans Affairs facilities cannot provide the care needed. Optum administers VA CCN services in Regions 1, 2 and 3.

**Join us for one of the following virtual one-hour educational presentations to learn more about VA CCN, treating Veterans and doing business with VA and Optum.**

During this webinar we will discuss:

- VA CCN Overview
- Referrals and Appointment Scheduling
- Providing and Coordinating Care
- Medical Documentation Requirements and Claims
- Additional Training and Resources
- Self-Service Options

Registration is required and space is limited. Please register for one of the sessions below by clicking the link for the day you can attend. **NOTE: If you or your office has already attended this training, it is not required to attend again.**

**\*Reminder when registering, please register with accurate TIN and NPI**

<b>All sessions are held at 1 p.m. MT / 2 p.m. CT / 3 p.m. ET</b>
