

# Service Authorizations 101 including Q&A follow up and What, Where, Why, When Guidance

Heather Brady, LPC  
Director, Clinical Operations  
Optum Alaska

August 24, 2022

# Agenda / Objectives

- 1 Overview of Medical Necessity
- 2 Level of Care Guidelines
- 3 Service Authorization Process/Electronic and Fillable PDF Submissions
- 4 Retrospective Reviews
- 5 Helpful Resources

# The Right Service at the Right Time

- Person-centered and developmentally sensitive
- Clinically effective
- Least restrictive level of care
- Accessible to individual without causing undue hardship or prolonged separation from community and family

## Medical Necessity

Is used to determine what is the appropriate level of care given an individual's unique set of medical or behavioral health circumstances.

# Why are medical necessity evaluations required?

- Improve the Quality of Care:
  - Organize clinical observations
  - Objective frame for evaluating risks and resiliencies of the person being evaluated
- Audits/Compliance
- Financial Sustainability

For previous training on medical necessity, please visit:

<https://alaska.optum.com/content/ops-alaska/alaska/en/providers/provider-trainings.html>

# Level of Care Guidelines

Optum Alaska will review service authorization requests using evidence-based level of care clinical guidelines approved for use by the Alaska Division of Behavioral Health:

- **ASAM:** The American Society for Addiction Medicine (ASAM) Criteria® adults and adolescents presenting with substance use disorders
- **LOCUS:** The Level of Care Utilization System for Psychiatric and Addiction Services (LOCUS) by the American Association of Community Psychiatrists for adults, 18 and older, with behavioral health disorders
- **CAL-LOCUS/CASI :** The Child and Adolescent Service Intensity Instrument by the American Academy of Child and Adolescent Psychiatry, for children, 6 to 18 with behavioral health disorders
- **ECSII:** The Early Childhood Service Intensity Instrument (ECSII), published by The American Academy of Child and Adolescent psychiatry for young children from birth to age 5.

# The ASAM Criteria®: Dimensions

## 1: Acute Intoxication and/or Withdrawal Potential

- Current withdrawal symptoms
- Past history of serious, life-threatening withdrawal

## 2: Biomedical Conditions/Complications

- Current health problems
- Medication interaction, abnormal labs

## 3: Emotional/Behavioral/Cognitive Conditions and Complications

- Presence of other psychiatric diagnosis, symptoms or behaviors
- Mental status and level of functioning

## 4: Readiness to Change

- Coerced, mandated, required assessment/treatment
- Motivation factors for treatment

## 5: Relapse/Continued Use/Continued Problem Potential

- Potential relapse triggers/relapse plan
- Past treatment results

## 6: Recovery Environment

- Immediate threats to safety, well-being, sobriety
- Availability and utilization of support systems

## Level of care instruments for BH medical necessity determination

<b>Level of Care Utilization System – LOCUS<sup>®</sup></b>	<b>Early Childhood Service Intensity Instrument – ECSII<sup>®</sup></b>	<b>Child and Adolescent Service Intensity Instrument – CALOCUS/CASII<sup>®</sup></b>
<ul style="list-style-type: none"><li>• Adults, 18+</li><li>• American Association for Community Psychiatrist (AACCP)</li></ul>	<ul style="list-style-type: none"><li>• Birth to 5 years</li><li>• American Academy for Child and Adolescent Psychiatry (AACAP)</li><li>• Published 2009</li></ul>	<ul style="list-style-type: none"><li>• 6 to 18 years</li><li>• American Academy for Child and Adolescent Psychiatry (AACAP).</li><li>• Updated from CA-LOCUS, 2009</li><li>• Version 4.1, 2018</li></ul>

# BH Medical Necessity Criteria (MNC) functional dimensions

## I: Risk of Harm

- Suicidal, Homicidal, Self-Harming or Violent Ideation, Intent or Plan
- Past history of serious, high risk behavior posing risk to self or others

## II: Functional Status

- Capacity for self-care
- Ability to fulfill social responsibilities

## III: Co-Occurring Conditions

- Presence and acuity of co-morbid conditions
- Impact of comorbid condition on presenting problem

## IV: Recovery Environment

- Level of Stress: Presence of psychosocial stressors
- Level of Support: Availability and utilization of support systems

## V: Treatment and Recovery History

- History of mental health challenges
- Response to prior treatment

## VI: Response to Treatment and Recovery Status

- Understanding of mental health condition
- Willingness to engage in treatment

# Dimensions Case Example (BH)

- Dimension 1: John Doe has not had suicidal ideation, plan, intent, or action since 06/01/2019. In 06/2019, John made an attempt by hanging. John was found by partner and taken to hospital. John was placed into [LOC] at [Treatment Facility] from [start date] to [end date]. John attended [treatment groups/individual]. No homicidal ideation in history or current.
- Dimension 2: John has had decreased ability to maintain personal hygiene. John showers on average, 1 time per week, brushes teeth 2 times per month, combs hair 1 time per week and struggles to complete laundry. John's mother, Ann, washes John's clothing 1 time per month. John washes dishes 1 time per week or throws the dishes out. John has not maintained employment for over 1 month due to hygiene concerns. John reports he is "too sad" or "scared" to complete hygiene tasks and has identified 4 trauma triggers.
- Dimension 3: John does not use illicit substances or alcohol. John does not take prescribed medications as directed and often misses over 1 week at a time. John has been diagnosed with Type II diabetes and obesity. Upon receiving this diagnosis, May 2022, John's depressive symptoms and behaviors increased.

## Dimensions Case Example (BH) cont.

- Dimension 4: John has removed self from social supports and stopped attending peer support meetings in the past 30 days. John has been reporting he feels “anxious, embarrassed, judged” when attending trauma support group. John had a good relationship with peer support however, peer support left agency and John has not developed a relationship with new peer support. John’s father does not believe in trauma and is not a support. John’s mother supports as she is able but not consistently due to father’s beliefs. John is not in a relationship. John’s partner ended the relationship 12 months ago due to John not following treatment recommendations.
- Dimension 5: John responded positively to treatment received in 2019. John was engaged in follow up processes to include community supports. John experienced increase in depressive symptoms and behaviors 12 months ago after relationship ended. John entered outpatient treatment with the assistance of mother and support group. John has slowly been working through trauma utilizing DBT group and individual sessions 1, 60-minute session per week. With increase in symptoms and withdrawal from support system, therapist has requested John attend individual sessions 2 times per week and attend 2 additional groups.
- Dimension 6: John understands childhood trauma and depression diagnosis. John is struggling to identify how the diagnoses are affecting his daily behaviors and symptoms. John is willing to continue meeting with therapist and to “try” additional groups recommended.

# Matching risk to level of care - a high level crosswalk

**NOTE:** This slide is to illustrate examples and is NOT prescriptive

Risk Level	ASAM/SUD	Behavioral Health
<ul style="list-style-type: none"><li>• Low Risk- Recovery and Health Maintenance</li><li>• Moderate Risk</li><li>• High Risk</li><li>• Very High Risk</li><li>• Secure Monitored</li></ul>	<ul style="list-style-type: none"><li>• ASAM 1.0 Outpatient services</li><li>• ASAM 2.1 Intensive Outpatient; SUD Care coordination; ICM</li><li>• ASAM 2.5- PHP</li><li>• ASAM 3.1/3.3/3.5</li><li>• ASAM 3.7/4.0</li></ul>	<ul style="list-style-type: none"><li>• LOCUS/CASII 10-16; ESCII 9-17<ul style="list-style-type: none"><li>• Treatment plan and review; psychotherapy services; HBFT level 1 or 2</li></ul></li><li>• LOCUS/CASII 17-19; ESCII 18-22<ul style="list-style-type: none"><li>• BH IOP; HBFT level 3; ICM</li></ul></li><li>• LOCUS/CASII 20-23; ESCII 23-26<ul style="list-style-type: none"><li>• BH PHP, ACT, TTH</li></ul></li><li>• LOCUS/CASII 23-17; ESCII 27-30<ul style="list-style-type: none"><li>• Adult/Children's MH Residential level 1 or 2</li></ul></li><li>• LOCUS/CASII 28+<ul style="list-style-type: none"><li>• Locked residential vs acute inpatient</li><li>• This level not available for ESCII</li></ul></li></ul>

# 1115 Waiver Demonstration

- The State of Alaska hopes to develop and implement an integrated, data-driven, fiscally sustainable system of care that achieves improved patient experience, improved population health and reduced costs as well as improved behavioral health outcomes for Alaskans.
- Rebalance current behavioral health system of care to reduce Alaska's over-reliance on acute, institutional care and shift to more community or regionally based care
- Intervene as early as possible in the lives of Alaskans to address behavioral health symptoms before they cascade into functional impairments.
- Improve overall behavioral health system accountability by reforming the existing system of care
- Find a budget neutral solution to escalating costs associated with Rehab codes

# What is a Service Authorization?

- Unified method to demonstrate medical necessity for Level of Care (Right Service at the Right Time)

## How are they related to Levels of Care?

- Level 1 Outpatient Behavioral Health Services
- Level 1 Outpatient SUD Services
- Level 2 Intensive Behavioral Outpatient Services
- Level 2 Intensive SUD Services
- Level 3 Residential Behavioral Health Services
- Level 4 Residential SUD services

# How to Submit Service Authorizations

<https://alaska.optum.com/content/ops-alaska/alaska/en/providers/Service-Authorizations.html>

- Online
- Fillable Form

The screenshot shows the Optum Alaska website. At the top left is the Optum Alaska logo. To the right is a search bar with the text "Search" and a "Search" button. Below the logo is a navigation menu with links: Home, For Participants, For Alaska Medicaid Providers, For Community Partners, About Us, and Contact Us. The main content area has a breadcrumb trail: Alaska - Optum Provider Portal > For Alaska Medicaid Providers > Service Authorizations. A red banner reads: "Service Authorization are on hold until the end of the Federal Public Health Emergency." Below this is a section titled "Service Authorization Request Forms" with a paragraph explaining that service authorizations are required for all services after participant state fiscal year limits have been exhausted. Providers can submit service authorizations either through an Online Portal or by completing a PDF and faxing to Optum. Providers are encouraged to use the forms used on this webpage as form versions may change. The next section is "Service Authorization Online Submissions" with a link to "Online Service Authorization Form". The final section is "Service Authorization Fillable Forms" with a list of links to various PDF forms: 1115 SUD Waiver Service Authorization (pdf), 1115 BH Waiver Service Authorization (pdf), Autism Services Service Authorization (SA) Request Form (pdf), Mental Health Physician Clinic (MHPC) Service Authorization (SA) Request Form (pdf), Psychological and Neuropsychological Testing Service Authorization (SA) Request, and State Plan Service Authorization (pdf).

# Where are Service Authorizations Submitted

There are four (4) methods to submit a Service Authorization request:

1. Fax: 844.881.3753
2. Phone: 800.225.8764
3. Online: <https://electronicforms.force.com/alaskaform/s/>
4. Mail: Optum Alaska  
Attn: Service Authorizations  
911 W. 8<sup>th</sup> Ave Ste 101  
Anchorage, AK 99501

# How to get started with an Online Service Authorization request submission

Sign In: Provide Tax ID OR Agency NPI. We only need one. We will communicate with you through the email you provide on this form.

# Submission complete

- This is what it looks like.....

\* I am the:

As the assigned directing clinician for the above named recipient, I hereby:

- Affirm the assessment of the recipient's symptomatology, current level of functionality is documented in the recipient's clinical record and the treatment plan services, units, and duration requested are medically necessary and consistent with the recipient's level of impairment.
- Affirm that, for a recipient who is a child, the clinical record documents the required participation and input of the child's treatment team.
- Acknowledge the services are subject to post-payment review of medical necessity and completeness of documentation according to Medicaid/Denali Kid Care program rules and that the Department of Health and Social Services may recoup payment for any services that are not medically necessary, not properly documented, or not in compliance with Medicaid program rules.
- Acknowledge that approval of this authorization request does not guarantee payment

As the Assigned Administrator for the above named recipient, I hereby:

- Affirm that the above described clinical information is true and accurate, as provided by the directing clinician.
- Affirm that I am signing on behalf of the directing clinician with their knowledge and approval.
- Affirm the assessment of the recipient's symptomatology, current level of functionality is documented in the recipient's clinical record and the treatment plan services, units, and duration requested are medically necessary and consistent with the recipient's level of impairment.
- Affirm that, for a recipient who is a child, the clinical record documents the required participation and input of the child's treatment team.
- Acknowledge the services are subject to post-payment review of medical necessity and completeness of documentation according to Medicaid/Denali Kid Care program rules and that the Department of Health and Social Services may recoup payment for any services that are not medically necessary, not properly documented, or not in compliance with Medicaid program rules; and
- Acknowledge that approval of this authorization request does not guarantee payment.

## Fillable PDF Submission

- Fax Number: 1-844-881-3753
- Telephone: 1-800-225-8764
  - A Care Advocate will fill out the service authorization form while provider is on the phone providing information. This process takes a minimum of 30 minutes.
- USPS/Surface Mail: 911 W. 8<sup>th</sup> Ave Ste 101 Anchorage AK 99501
  - (this is a very slow process however, if a provider finds themselves in a no internet, no phone situation, this is available)
  - An AK local Optum team member will fax the paper application received in the mail, to the above fax

**\*21. Diagnosis Codes**

(a) Behavioral ICD-10 Diagnosis Code(s) *Mental, Behavioral, and Neurodevelopmental Disorders (F01-F99)*:

ICD-10 Code	Description	Comment

(b) Medical and other ICD-10 Diagnosis Code(s):

ICD-10 Code	Description	Comment

(c) Psychosocial ICD-10 Diagnosis Code(s) *Injury, Poisoning, and Certain Other Consequences of External Causes (T07-T88) and Factors Influencing Health Status and Contact with Health Services (Z00-Z99)*:

ICD-10 Code	Description	Comment

**\*22. Medical Necessity Description**

For BH requests, please complete only the BH section below. Additional attachments can be included as appropriate. Fully describe the medical necessity of this request using the behavioral health areas outlined below.

\*Please include all relevant information since admission or most recent service authorization request.

**NOTE:** A Reviewer may request additional information as necessary to determine this request under 7 AAC 105.130. Failure by the provider to submit requested information within 30 days will result in denial of this request.

List current prescribed medications (include psychotropic medications in this section):

No Update

\_\_\_\_\_

Is there a current risk of harm to self or other?  Yes  No  No Update

If yes, describe any current risk of harm to self or others. Specify if there is any active intent or plan to commit suicide or homicide. Note whether these thoughts are always present, or specific to a situation or event that has occurred recently:

\_\_\_\_\_

**\*21. Diagnosis Codes**

(a) Behavioral ICD-10 Diagnosis Code(s) *Mental, Behavioral, and Neurodevelopmental Disorders (F01-F99)*:

ICD-10 Code	Description	Comment

(b) Medical and other ICD-10 Diagnosis Code(s):

ICD-10 Code	Description	Comment

(c) Psychosocial ICD-10 Diagnosis Code(s) *Injury, Poisoning, and Certain Other Consequences of External Causes (T07-T88) and Factors Influencing Health Status and Contact with Health Services (Z00-Z99)*:

ICD-10 Code	Description	Comment

**22. Medical Necessity Description – Complete for ALL requests: attach separate paper if necessary. Fully describe the medical necessity of this request using the ASAM dimensions as outlined below.**

**NOTE: A Reviewer may request additional information as necessary to determine this request under 7 AAC 105.130. Failure by the provider to submit requested information within 30 days will result in denial of this request.**

List current prescribed medications (include psychotropic medications in this section):

\_\_\_\_\_

**Dimension 1: Acute Intoxication and/or Withdrawal Potential**  
 Risk Rating: \_\_\_\_\_  
 Clinical Details to support rating: \_\_\_\_\_

\_\_\_\_\_

**Dimension 2: Biomedical Conditions and Complications**  
 Risk Rating: \_\_\_\_\_

Include all behavioral health diagnosis codes.

Include all medical information. If medical conditions impact behavioral health, be sure to include this information.

Include **all** medications, if the patient is compliant with medications, any changes to medications, and any barriers to compliance.

For Risk of harm, include frequency and intensity behaviors, if there are changes to behaviors and if there is a safety plan in place. Can include history as well.

# How to complete the service authorization request - paper version

Are there any deficiencies in the participants ability to (select all applicable):

Fulfill obligations (home, work, school)

Interact with others

Care for themselves (ADLs, health/medical, etc.)

Utilize support systems either through lack of or inability to engage (family, church, community supports, etc.)

Other

No Update

Describe:

Are there comorbid medical issues?  Yes  No  No Update

If yes, describe current comorbid medical issues:

Are there co-occurring issues of cognition (i.e. dementia, traumatic brain injury, FAS, developmental disabilities, etc.)?

Yes  No  No Update

If yes, describe co-occurring issues of cognition:

Are there co-occurring substance abuse issues?  Yes  No  No Update

If yes, describe co-occurring substance abuse issues:

Are there any concerns related to home/living environment?  Yes  No  No Update

If yes, describe current home/living environment, including supports and areas of concern:

Clinical Details to support rating:

Dimension 3: Emotional, Behavioral or Cognitive Conditions and Complications

Risk Rating:

Clinical Details to support rating:

Dimension 4: Readiness to Change

Risk Rating:

Clinical Details to support rating:

Dimension 5: Relapse, Continued Use, or Continued Problem Potential

Risk Rating:

Clinical Details to support rating:

Dimension 6: Recovery/Living Environment

Risk Rating:

Clinical Details to support rating:

Additional Medical Necessity Information (include any relevant information not mentioned above):

As above, include comorbid medical conditions and how they are impacting the participant's functioning.

If testing is scheduled for issues of cognition include that information. Additionally, if there are barriers to testing include that information. Include what impact this has on functioning.

For substance use, include the date of last use and if there appears to be an adverse effect on functioning.

Issues related to home could include transitions that led to placement. Also include what does the recovery environment look like?

# How to complete the service authorization request - paper version

Is there a history with trauma/ACE?  Yes  No  No Update  
If yes, briefly describe any history of trauma (include for initial request only, or if new and relevant information has been revealed):

Has the participant had any recent treatment history, including psychiatric or substance abuse hospitalizations?  
 Yes  No  No Update  
If yes, describe, include time periods, interventions that the participant has identified as successful or non-helpful treatment interventions:

Is the participant/Guardian willing to engage in services and/or motivated to change?  Yes  No  No Update  
Describe:

For continued services requests only, describe the level of participation in treatment and progress made on goals and objectives since last service authorization request:

Is the participant actively engaged in treatment?  Yes  No  No Update  
Describe:

Is there progress being made on goals and objectives since the last service authorization request?  Yes  No  No Update  
Describe:

Additional Medical Necessity Information (include any relevant information not mentioned above):

Include trauma history for the participant, including history of OCS or APS involvement.

For treatment history, include dates and levels of care (not just provider name) for all treatment that the participant has received. Provide information on participant engagement if known.

For engagement, include information for both participant and guardian (if applicable). If in OCS or DJJ custody, include this information as well.

For progress and objectives, include information related to the treatment plan and goals. How is the participant doing with reaching their goals?

Under additional medical information, include information regarding discharge planning and potential barriers to discharge. Include coordination of care plans. Highlight current symptoms at time of review and related functional impairments (MSE).

# How to complete the service authorization request - paper version

**Please sign the attestation appropriate to your role (only one signature is necessary for submission):**

As the Directing Clinician working for the above-named participant, I hereby:

- Affirm the assessment of the participant's symptomatology, current level of functionality is documented in the participant's clinical record and the treatment plan services, units, and duration requested are medically necessary and consistent with the participant's level of impairment.
- Affirm that, for a participant who is a child, the clinical record documents the required participation and input of the child's treatment team.
- Acknowledge the services are subject to post-payment review of medical necessity and completeness of documentation according to Medicaid/Denali Kid Care program rules and that the Department of Health & Social Services may recoup payment for any services that are not medically necessary, not properly documented, or not in compliance with Medicaid program rules; and
- Acknowledge that approval of this authorization request does not guarantee payment.

28a. \_\_\_\_\_  
 Directing Clinician      Credentials      Signature      Date

As the Assigned Administrator for the above-named participant, I hereby:

- Affirm that the above described clinical information is true and accurate, as provided by the directing clinician.

# Special service authorization circumstances

## Distance and availability of resources:

- It will be important to note special circumstances when writing the medical necessity essay on your Service Authorization Request.
- Providers are encouraged to acknowledge extenuating circumstances for extended stay at current level of care if impacted by geographic, weather, transportation or other special or unavoidable circumstance.
- Example: Currently in OP, need IOP or PHP but request is for Inpatient LOC. You may need to request a higher LOC if the level you assess is not available. Ex: Person meets criteria for 3.1, but the only residential option available in the region is 3.5.
- Extenuating circumstances **DO NOT GUARANTEE APPROVAL** of Service Authorization but should be pointed out for consideration of the request.

# Making Level of Care Determinations

# Care Advocates

## Care Advocate Role

Receive and process service authorization requests using level of care guidelines criteria to make determinations, in collaboration with the Medical Directors

## Care Advocate Tools/Medical Necessity Criteria

**ASAM** (SUD), **ECSII** (birth to 6), **LOCUS** (age 18+), **CALOCUS/CASII** (6-18), **Supplemental Clinical Criteria** (Autism services), **APA Guidelines** (Psych/Neuropsych testing services)

## Access: Call, Portal, Fax Coverage

24/7 UM (and Call) Coverage: Operational during AK business hours, after hours, evenings, weekends, and holidays

Initial Service Authorizations can come in via Phone, Fax, Salesforce, or mail

Care Advocates maintain Independent and unrestricted clinical behavioral health licensure. Dependent upon the specialty team in which they work, they may work directly with participants or providers. Care Advocates review requests for clinical or community-based services and determine best service and fit based upon available resources and Level of Care Guideline (LOCG) criteria. Care Advocates collaborate with treating providers and facilities to ensure participants are receiving treatment in line with best practice and clinical guidelines. Additionally, Care Advocates work to coordinate benefits and transitions between various levels of care.

# Check the Status

## Provider Express

The screenshot shows a web browser window with the URL <https://www.providerexpress.com/trans/authInquiryNonFacility.uol>. The page header includes the Optum logo and "Provider Express" text. A navigation menu contains "Elig & Benefits", "Claims", "Auths", "Appeals", "My Practice Info", and "More". The main content area is titled "Authorization Inquiry \* - indicates required field(s)". Below this title are four tabs: "My Patients", "Member ID Search", "Name/DOB Search", and "Authorization # Search". The "Authorization # Search" tab is active. The form contains a text input field labeled "Authorization Number \*" and a "Search" button. A message above the form says "Please complete the form below and click 'Search'" and a legend indicates "\* - indicates a required field". The footer contains links for "Security Notice", "Privacy", "Site Use Agreement", and "Site Map".

# What happens next?

## Two routes for next steps

### Authorization approved

- Verbal notification by Care Advocate
- Authorization letter mailed

### Not enough information to approve

- Case staffing with Chief Medical Officer (CMO) *then*,
- Request for additional information *then*,
- Peer to peer scheduled with Optum CMO and provider/agency *then*,
- Denial letter issue with appeals rights provided

# Submission Time and Approvals

- There is a minimum of five (5) calendar days for review
- A Care Advocate will contact provider/agency within seven (7) days with the determination

## Your SA is about to expire: Now what?

- If medical necessity indicates extended stay is recommended/warranted, please follow the same steps previously until the Treatment Plan Information section.

### Treatment Plan Information

\* Is this a request for a new service authorization?

Choose one..

### Treatment Plan Information

\* Is this a request for a new service authorization?

No

\* Is this a request for an amendment of an already approved service authorization?

No

\* Current Service Authorization Number

|

Complete this field.

- If the participant is transitioning to a new level of care, the receiving level of care provider is responsible for requesting a service authorization.

# Continued Stay

## FOR CONTINUED SERVICE REQUESTS ONLY

Is the participant actively engaged in treatment?

Is there progress being made on goals and objectives since the last service authorization request?

Additional information which may support medical necessity for services requested:

Save and Next

# Treatment Plan Alignment

- Multiple treatment plan review periods
- Runs concurrent with treatment plan periods and State regulations

## What if a service authorization (SA) cannot be submitted in a timely manner?

What if due to staff outage or being understaffed, a service authorization is not able to be submitted to Optum for 2 weeks (time used for example)?

*Example: The service authorization start date/treatment plan start date is 8/1/22 but wasn't submitted to Optum until 8/15/22. Including Optum turnaround time, a determination of the status would not be available until at least 8/19/22. Once approved, would the Authorization start date be adjusted to match the Optum approval date? Or would it be approved for 8/1/22 forward?*

## In summary:

- Service authorizations will be required at the end of the Federal Public Health Emergency, not before
- Service authorizations are required when the participant's SFY limits are exhausted but can be requested if participant's SFY limit is unknown to avoid a claim denial
- There are two options of completing service auth requests: paper/fillable form or online (via Alaska Optum website)
- Approved authorizations units will be tracked by participant and by provider within the claims system automatically. Authorization number is NOT needed on the claim submission
- All areas are to be filled out
- A printable PDF can be created
- Attachments are helpful however, the only required attachment is the ASAM

# Summary Continued

- Fiscal Year limits are reset July 1<sup>st</sup> of every year
- Do not leave response boxes on the SA blank, this could result in a denied authorization or a delayed authorization determination
- Optum is unable to prescribe how providers track used/unused units
- Ideas for providers include:
  - Excel spread sheet compared to claim submission and/or SA approvals
  - Electronic Health Record system tickler/due date reminder prior to SA ending
  - 3<sup>rd</sup> party biller tracking system
  - Share ideas in provider meetings with one another

## Clinical Retrospective Review

Retrospective (retro) review is a request for a review of services that have already been delivered and a service authorization has not previously been submitted for clinical review.

Retro reviews may be submitted if a provider was approved by the state to retrospectively cover the time of the service and/or if the participant had Medicaid eligibility retroactively approved to cover dates of service.

If a provider has received a claims denial for lack of service authorization, the claim will be considered out-of-scope for a retro review and the provider would have to submit an appeal instead.

Optum must receive retro review requests in writing via fax or mail. Online salesforce submissions for retrospective reviews are out-of-scope for this process.

# Clinical Retrospective Review

For a request to be considered a Retrospective Review, there are certain requirements that must be met:

- The request must be received **after the member has ended or has been discharged** from the service.
- **No previous approvals or Non-Coverage Determinations (NCD)** can be issued for the episode of care (treatment type, treating provider, and dates of service) identified in the request.
- The request must be received within **180 days after the last date of service.**

## Required Documentation for a Retrospective Review

- Complete an Optum Alaska retro-review cover sheet. The cover sheet MUST be completed and submitted with all retro-review requests. The cover sheet is located on the provider website at: [Alaska.optum.com](https://alaska.optum.com). Please see below:
  - I. Once on the site select the “For Alaska Medicaid Providers” tab at the top in the grey
  - II. Once the drop down opens you will then click “service authorizations”
  - III. At the bottom of the page, under “Appeals Form” you will find the Retrospective Cover Sheet
- Please include any supporting documentation considered relevant (e.g., admission/intake assessment, biopsychosocial, treatment plan, chart notes, medical records, etc.)

# Clinical Retrospective Review Cover Sheet

Optum Alaska  
Attn: Retroactive Reviews  
911 W. 8<sup>th</sup> Ave Ste 101  
Anchorage, Alaska 99501  
Fax# 1-855-508-9353

## Retrospective Review Cover Sheet

Retrospective reviews must be received in writing and can be requested via fax or mail.

**Note: Do not submit a Service Authorization form.**

**\*Only use this cover sheet for Retrospective Review Requests Only**

Participant Name: \_\_\_\_\_

Participant ID: \_\_\_\_\_

Reason prior authorization was not obtained: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

**Please include:**

Treatment plan

Any other supporting documentation for this request

**If documents are not submitted, a review cannot be completed.**

# How to Submit a Retrospective Review Request to Optum

- There are two options to submit a retrospective review:
  - I. You may fax the request to the following number: 855.508.9353 OR
  - II. Mail the request to the following address:

Optum Alaska Attn: Retrospective Reviews

911 W 8th Avenue, Suite 101,  
Anchorage, AK 99501

# Clinical Retrospective Review Determination

Optum will notify providers in writing of the retrospective review decision within 30 days of receipt of the retro-review submission.

To contact the Optum Clinical Appeals Department, call 866.245.3040.

If the reviewer upholds the initial decision, providers have the right to file a second level appeal

# Provider Resources

## Provider Training and Outreach Plan

Onboarding of providers takes place with Provider Relations team. Trainings are located on Alaska Optum Website under Technical Assistance Trainings.

## Call Center

Providers can contact the call center to ask questions or receive assistance with service authorizations 24/7. Contact number: 1-800-225-8764.

## Provider Questions

Issues with: Provider Express or Salesforce: 1-800-225-8764

To complete Service Authorization via phone: 1-800-225-8764

Fax fillable form: 1-844-881-0959

Providers are welcome to email [akmedicaid@optum.com](mailto:akmedicaid@optum.com) during business hours to alert Optum of any issues

Our provider relations department is here to create long-term relationships with providers and engage with them regularly to ensure they are appropriately informed and updated on products, service offerings, and the latest technology available to them.

Provider Relations specialists partner with providers to help them navigate the managed care system and are resources for Provider questions.

# What Resources Can Help?

- State Regulations
- 1115 Waiver SUD and Behavioral Health Manuals
- State of Alaska Website
  - Department of Health
  - Division of Behavioral Health

# State of Alaska, Division of Behavioral Health Website

<https://health.Alaska.gov/dbh>

The screenshot shows the website for the Alaska Department of Health, Division of Behavioral Health. The header includes the State of Alaska logo and navigation links for myAlaska, My Government, Resident, Business in Alaska, Visiting Alaska, and State Employees. The main navigation bar lists Home, Divisions and Agencies, Services, News, Contact Us, and COVID-19 Resources. A search bar is located in the top right corner.

The main content area is titled "Welcome to Behavioral Health" and features a large image of a woman talking on a phone with a "988 SUICIDE & CRISIS LIFELINE" sign. Below this image is a section titled "988 Suicide & Crisis Lifeline" with the following text:

Having an easy-to-remember number for those needing mental health support has been in the planning stages nationally and in Alaska for many years. We're pleased to announce that on July 16, 2022, the National Suicide Prevention Lifeline is switching to a three-digit number (9-8-8).

Until it is active, and even after 988 goes live, you can still call the Lifeline at 800-273-8255 or the Alaska Careline at 877-266-HELP.

988 will be a direct connection to compassionate, accessible support for anyone experiencing mental-health related distress, including thoughts of suicide, mental health or substance use crisis, or any other kind of emotional distress. [Learn more.](#)

Below the main content are two staff profiles:

- Gennifer Moreau-Johnson**, Director
- Farina Brown**, Deputy Director

Contact the division at [HSS.DBH@Alaska.gov](mailto:HSS.DBH@Alaska.gov)

"Partners promoting healthy communities."

- >  Alaska Behavioral Health Provider Standards and Administrative Manual for SUD Provider Services - October 4, 2020

# Optum Website

<https://alaska.optum.com>

The screenshot displays the Optum Alaska website interface. At the top, the Optum Alaska logo is on the left, and a search bar is on the right. Below the logo is a navigation menu with links for Home, For Participants, For Alaska Medicaid Providers, For Community Partners, About Us, and Contact Us. The main content area is titled "Alaska - Optum Provider Portal" and features three columns of quick links: Participant Quick Links (Resources & Tools, Participant Newsletter), Provider Quick Links (Sign up for Alerts, Provider Express, Resources & Tools), and External Optum Sites (Find a Provider, Live & Work Well, Supports and Services Manager). A central banner titled "Stay informed on COVID-19" contains three informational boxes: a teal box linking to CDC updates, a dark red box linking to Alaska DHSS updates and telehealth guidance, and a graphic for the COVID-19 Mental Health Resource Hub with the hashtag #StrongerTogether and PsychHub logo. Below the graphic is a link to the resource hub. The footer includes the State of Alaska Department of Health logo, the text "OPTUM ALASKA", and the slogan "One person, one family, one community at a time. Every individual and every family has a unique road to wellness, health, and..."
